

HSS Independent Activity Report - Rev. 0		Report Number: HIAR OR-2011-10-21	
Site: Oak Ridge		Subject: Office of Enforcement and Oversight's Office of Safety and Emergency Management Evaluations Activity Report for the Operational Awareness Tour of Building 3525 Irradiated Fuels Examination Hot Cell Laboratory	
Dates of Activity :	10/21/2011	Report Preparer:	Tim Mengers
Activity Description/Purpose: The purpose of the visit was for the Office of Health, Safety and Security (HSS) site lead to develop an operational awareness of the Building 3525 Irradiated Fuels Examination Hot Cell Laboratory.			
Result: The HSS site lead toured the Building 3525 Irradiated Fuels Facility with two Facility Representatives from the Office of Science. During the tour he was provided an explanation of the processes currently used in each of the hot cells and how the facility safety was maintained. No active manipulations were underway during the tour. He was also shown the initial installation of duct work intended for a bank of new hot cells. This installation is currently on hold waiting for additional funding.
